Industry Guidance for
Ski Resorts

The State has allowed San Bernardino County to reopen ski resorts with modifications. Ski resorts should comply with the following guidance and considerations for the appropriate sectors of the resort for a safe re-opening. If the State provides additional guidance, it may supersede this guidance and ski resorts must adhere to the State guidance. The County may also revise this guidance at any time, including in response to changes in the County’s risk-level tier as set by the State.

- Modify resort to minimize congregating or gathering of people not from the same party
- Adhere to physical distancing measures (6 feet apart) and face covering requirements
- Consider limiting ticket availability on peak dates and utilizing contactless pick-up kiosks for lift-ticket purchases.
- Consider including agreement during point of sale process to self-monitor/screen for symptoms prior to patron arrival at resort
- Increase cleaning and disinfection of frequently touched surfaces
  - Rentals, such as ski and snowboard gear, goggles, poles, etc. – between each customer
  - Ski lifts – daily as practicable
- Limit the capacity of trams / shuttle buses
  - Disinfect and sanitize multiple times a day
- Reduce resort capacity as needed to ensure physical distancing can be maintained at all times
- Group ski or snowboard lessons must be limited to small groups so that physical distancing can be maintained and mixing of party’s does not occur
- Restrict ski lifts to members of the same party
- Eliminate ski lift singles lines
